

## **Oulton Burial Ground Cremation Service**

### **What is included with this service?**

This service includes the use of the historic Oulton Chapel, a redundant non-conformist chapel built between 1728-31, for a funeral service of up to one hour. Following the service, our Chapel Attendants will transport the coffin to a local crematorium where a private cremation will take place. The cremated remains will then be returned to Ivan Fisher Independent Funeral Home in Aylsham where you can either collect them or arrange for them to be interred into Oulton Burial Ground.

### **Important Information**

Oulton Chapel is set in a quiet, peaceful setting. To help preserve the tranquillity of the natural surroundings, we request that a maximum of 16 cars (excluding funeral vehicles) attend the site.

All statutory paperwork and music that you would like to be played during the service needs to be emailed or delivered to us at least 4 working days before the cremation is due to take place. Any delay in us receiving the paperwork may delay the date of cremation.

***Payment must be made in full before the day of the cremation.***
